

ECOKLIN

VEGETAL SOLVENT BASED DEGREASER-DETERSOLVENT

GENERAL DESCRIPTION

ECOKLIN is a deter solvent degreaser for floors and other surfaces. It is used to solubilize all kinds of oily or greasy soils, tar, vegetal or mineral oils, paint residues, etc.

ECOKLIN is formulated with vegetal biodegradable solvents together with surfactants and emulsifiers. The product can be used also in kitchens, food industry and restaurants for the cleaning of fans, aspiration lines, walls and all very greasy surfaces.

Other applications are in the mechanical industry, garages and boats. It solubilizes and emulsifies every stubborn greasy dirt.

DIRECTIONS FOR USE

Use **ECOKLIN** at 10-20% for greasy surfaces. It can also be used pure as a solvent for paint residues or old greasy residues. Spray the product as it is, let act and rinse with water. For automatic machines or floor machines use at 2-5%.

TECHNICAL DATA

Appearance	Green transparent liquid
pH	11.4 ± 0.2
Density	0.964 g/ml
Active contents	51%
Solvents contents	35%

Chemical composition – Reg. (EC) 648/2004

- | | |
|-------------------------|-------------|
| - Non-ionic surfactants | conc. < 5% |
| - Anionic surfactants | conc. 5-15% |
| - Soap | conc. < 5% |

The product contains surfactants with primary biodegradability at least 90% and ultimate aerobic biodegradation complying with Reg. (EC) No. 648/2004.

WARNINGS

Labelling

Danger

Causes serious eye damage. Causes skin irritation. May cause an allergic skin reaction. Harmful to aquatic life with long lasting effects.

The product is subject to ADR regulation: **UN 3082 Class 9 III.**

Read carefully the safety data sheet before use.
