

GRIT SUPER C

SUPERCONCENTRATED MULTIPURPOSE DETERGENT LEMON AMMONIUM SCENTED

GENERAL DESCRIPTION

GRIT SUPER C is a Superconcentrated detergent with good degreasing power for hard surfaces to be used with automatic dosing systems to prepare GRIT at standard concentration or the ready to use solutions. GRIT SUPER C is used to clean floors, walls, plastic or metal furniture and any kind of surfaces with urban or greasy soil.

DIRECTION FOR USE

Dilute at 0,3-1% (3-10 g/l) and use with a mop or with a microfiber flat mop.

DOSAKEM SYSTEM: use the grey unit with the beige metering tip to prepare GRIT at standard concentration (1 part of **GRIT SUPER C** and 3 parts of water). Use that product at 1,5%-5% (150-500 g for 10 liters of water).

To prepare the ready to use solution from **GRIT SUPER C**, use the yellow unit with the pink metering tip (0,3%) or the yellow one (1%).

Dosing bottle: Press the bottle to fill the doses. Use 1-3 doses of 30 ml for 9-10 liters of water depending on the degree of dirt.

Dosing pump: Screw the pump on the container. Use 1-3 doses of 30 ml for 9-10 liters of water depending on the degree of dirt.

Manual dosing: Prepare the standard product filling the bottle with dosing marks. Use 1 part of product and 3-4 parts of water. Use that product at 1.5-5%.

TECHNICAL DATA

Appearance	yellow mat liquid
pH	10.6 ± 0.2
pH 0.6%	9.0 ± 0.2
Density	1.041 g/ml
Active contents	42%

Chemical composition – Reg. (EC) n. 648/2004

- Non-ionic surfactants	conc. 5-15%
- Anionic surfactants	conc. 5-15%
- Phosphates (as P)	conc. < 5%
- Soap	conc. < 5%
- EDTA and salts thereof	conc. < 5%
perfumes	

The product contains surfactants with primary biodegradability at least 90% and ultimate aerobic biodegradation complying with Reg. (EC) No. 648/2004.

WARNINGS

Labelling

Warning

Cause serious eye irritation.
Read carefully the safety data sheet before use.
