

CASNET

DEODORANT FOR WASTE BINS AND SURFACES

GENERAL DESCRIPTION

CASNET is a concentrated specialty products for the disinfection/deodorization of waste containers and public areas like market squares, sidewalks, streets or other areas that demand sanification and to eliminate bad smells. The product contains Benzalkonium chloride for a rapid inhibition of the microorganisms responsible of the bad smells. The original perfumes together with the Benzalkonium chloride biocide give a rapid deodorizing effect.

It contains Citronella as an insect repellent additive.

DIRECTIONS FOR USE
