

# DEKA P INODORE

**DETERGENT DEGREASER WITH HIGH  
CONTENT OF NATURAL SOLVENT**

## GENERAL DESCRIPTION

**DEKA P INODORE** is a deter solvent based on vegetal solvents, formulated for the removal of old coats of waxes and sealers or stubborn soils. It replaces DEKA P when hydrocarbon solvents are not accepted for odour problems. It can be used on any type of floors, except on linoleum that requires a neutral stripper like DEKA P NEUTRO.

## DIRECTIONS FOR USE

Use **DEKA P INODORE** at 15-20% dilution with a floor machine. In case of difficult soils or very porous surfaces apply DEKA P INODORE undiluted on the floor and rub with a floor machine using warm water. Vacuum off, rinse well with plenty of water and vacuum again.

## TECHNICAL DATA

Appearance	Yellow liquid
pH	12.9 ± 0.2
Density	1.036 g/ml
Active contents	41%

### Chemical composition – Reg. (EC) 648/2004

- Non-ionic surfactants	conc. 5-15%
- Anionic surfactants	conc. 5-15%
- Soap	conc. < 5%

The product contains surfactants with primary biodegradability at least 90% and ultimate aerobic biodegradation complying with Reg. (EC) No. 648/2004.

## WARNINGS

Do not use on linoleum, prefer DEKA P NEUTRO (pH 7,0).

Before applying floor polishes or protective products wait for some hours to allow the complete evaporation of the solvents contained in the product. Concrete, terracotta and terrazzo floors: before applying a new coat of wax, wash with DETAR or DEKACID at 5-10% and rinse.

### Labelling

### Danger

Harmful if swallowed. Causes severe skin burns and eye damage. May cause respiratory irritation.

The product is subject to ADR regulations: **UN 1719 Class 8 III.**

Read carefully the safety data sheet before use.
