

# DEKA P NEUTRO pH 7

DETERGENT DEGREASER WITH HIGH CONTENT  
OF NATURAL SOLVENT (SPECIAL FOR LINOLEUM – pH 7)

## GENERAL DESCRIPTION

DEKA P NEUTRO pH 7 is a wax stripper at a neutral pH, especially formulated for linoleum floors on which traditional (high pH) strippers may cause discolouring.

DEKA P NEUTRO pH 7 removes old waxes, metallized floor polishes or acrylic sealers.

## DIRECTIONS FOR USE

Use DEKA P NEUTRO pH 7 diluted at 10-20% with a floor machine. In case of difficult soils or very porous surfaces apply DEKA P NEUTRO pH 7 undiluted on the floor and rub with a floor machine using warm water.

Before applying wax or protective products wait for some hours to allow the evaporation of the solvents contained in the product.
